NOTICE OF AVAILABILITY

An Environmental Assessment (EA) titled, Holt County Missouri Drainage District No. 10 Non-Federal, Item 114A, Levee Rehabilitation Project and a draft Finding of No Significant Impact (FONSI) prepared by the U.S. Army Corps of Engineers, Kansas City, are available for your review on the project's website at [http:// www.nwk.usace.army.mil](http://www.nwk.usace.army.mil).

The Kansas City District – U.S. Army Corps of Engineers in cooperation with the project sponsor, Holt County, Missouri Drainage District No. 10, proposes to construct the Holt County Levee Rehabilitation Project under the authority of Public Law 84-99, of the Flood Control Act of 1944. Under this authority, the Corps of Engineers can provide assistance to public agencies in responding to flood emergencies such as the rehabilitation of flood control works damaged or destroyed by floods.

The project area is located in Holt County, Missouri along the left descending bank of the Missouri River, river miles 502.7 to 492 and right descending bank of Little Tarkio Creek. The proposed project would involve the re-seeding of landside and riversides slopes, repairs to breaches using earthen fill, repairs to intermittent levee crowns and erosion areas, levee setbacks, and the replacement of lost sod. Repairs are required as a result of the flood event declared on 6 May 2007.

Copies of EA and the draft FONSI are available upon request. Please contact Ms. Lekesha Reynolds; U.S. Army Corps of Engineers; PM-PR, 601 E. 12th Street, Kansas City, Missouri, 64106; to request a copy. Request also can be made by calling (816) 389-3160, or by e-mail to lekesha.w.reynolds@usace.army.mil.

The public review and comment period for EA and draft FONSI will end 30 days from the date of this letter.

Sincerely,

David L. Combs
